PROFESSIONAL SUMMARY

Financial Analyst and FP&A professional with 5+ years of experience in financial modeling, P&L analysis, budgeting, forecasting, and variance analysis at publicly listed financial institutions. Proven ability to build financial models, deliver executive reporting, and partner cross-functionally with senior stakeholders. Completed MS in Financial Analytics at Santa Clara University (June 2026).

TECHNICAL SKILLS

Programming & Analytics: Python (Pandas, Scikit-Learn, NumPy), R, SQL

Visualization & Reporting: Tableau, Microsoft Excel (Advanced - VBA, Pivot Tables, Solver), PowerPoint

Finance Platforms: Bloomberg Terminal, Perfios

PROFESSIONAL EXPERIENCE

FP&A & Risk Analytics Practicum | First Citizens Bank Jan 2026 - Jun 2026 | California, USA

- Analyzed FX, interest rate, and commodity market risk exposures across 55 publicly listed companies using Bloomberg Terminal and SEC 10-K/10-Q filings to support quarterly business planning and executive advisory reporting
- Communicated insights through PowerPoint presentation
- Mapped derivative notional amounts and hedge instruments including forwards, swaps, and cross-currency swaps under ASC 815 accounting standards covering fair value, cash flow, and net investment hedge designations

Financial Analyst - FP&A & Portfolio Reporting | ICICI Bank Ltd. Jun 2021 - May 2023 | India

- Developed financial models encompassing P&L, balance sheet, and cash flow analysis for a secured lending portfolio of approximately \$10M+ USD, delivering monthly and quarterly performance reports to senior management
- Conducted financial statement analysis (income statement, balance sheet, cash flow statements) of borrowing entities to assess creditworthiness, repayment capacity
- Championed adoption of Perfios financial analytics platform, automating data queries and financial ratio computation, reducing per-file processing time by 30 minutes
- Partnered cross-functionally with Sales, Risk, and Legal teams on deal execution, portfolio data integrity, and financial architecture improvements

Financial Analyst - SME Lending & Business Reporting | Axis Bank Ltd. Sep 2018 - May 2021 | India

- Supported budgeting, forecasting, and financial reporting for an SME lending portfolio; performed variance analysis on borrower financials and banking trends across reporting periods
- Prepared monthly, quarterly, and ad hoc management reports consolidating portfolio data for senior leadership; identified workflow improvements that enhanced credit decisioning efficiency
- Recognized as Performer of the Month (November 2019) for exceeding targets with zero portfolio delinquency

EDUCATION

Master of Science (MS) in Financial Analytics | GPA: 3.8/4.0 Sep 2025 - Jun 2026

Santa Clara University, Leavey School of Business, Santa Clara, CA

Master of Business Administration (MBA), Finance Jul 2015 - Feb 2017

ICFAI Business School (IBS), Hyderabad, India

Bachelor of Commerce (Honors), Finance Jul 2012 - May 2015

Lucknow University, India

KEY PROJECTS

- AuditPulse CMO & Partnerships Lead | SCU Emerging Corporate Finance Project (June 2026): Co-developed a fintech SaaS concept for SMBs; built investor-ready 5-year financial model (\$250K→\$38.36M, 2026-2030), long-range forecasts, scenario analysis, capital planning (\$3M Seed ask), and \$1.2B TAM sizing; pitched to VC industry judges.
- 3-Statement FP&A Model: Salesforce Inc. (Excel, SEC EDGAR): Built a driver-based three-statement financial model using 5 years of historical SEC 10-K data; forecasted revenue, margins, working capital, capex, and cash flow under Base, Bull, and Bear scenarios; linked income statement, balance sheet, and cash flow statement with check cells and scenario switching.

- Investor Behavior Segmentation (Python): Used Pandas and Scikit-Learn to build ML-based segmentation and forecasting models across 12,000+ investor records in 7 asset classes, delivering data-driven business recommendations
